120. RUTHIN FUTURE AND LEVELLING UP FUND – PROGRESS REPORT

Councillor Gavin Harris provided a verbal update to the Town Council. Whilst the timescale for providing costings and professional input into a potential bid for the Levelling Up Fund was tight, much in kind support and local expertise was being harnessed to guide the bid application. It was highlighted that a detailed study, undertaken by Glyndwr District Council in the 1990's, had identified similar aims and ambitions as had been captured within Ruthin Future. The consultation exhibition, which would engage with and seek the views of the community on Ruthin Futures' ambitions, would be held in The Old Courthouse from 23 October.

121. PROPOSED RUTHIN VELODROME

Members were provided a verbal update by Councillor Gavin Harris. A business case on the North Wales Velodrome had been submitted to Sports Wales seeking in principle agreement for funding. Following consideration of the business case by Sports Wales and subject to the confirmation of funding, the next stage would be the detailed design process which would lead to public consultation. It was explained that regulatory approval would be required prior to receipt of the funding meaning that the initial outlay for the detailed design process would need to be indemnified and be refunded on confirmation of required approvals. A formal report would be submitted for consideration by the Town Council about any indemnity proposal in due course.

In discussion by Members it was requested that the Governors of Brynhyfryd School and local residents be kept informed of progress. Councillor Harris stated that the current focus was on securing funding, and if achieved, a more detailed design process would lead to wider public engagement and consultation.

Additionally, confirmation was sought on whether or not the business case had been refused. In response, Councillor Harris stated that he had no knowledge of any refusal and that information from Sports Wales was awaited on the business case; he was in regular contact with Sport Wales. County Councillor Bobby Feeley also confirmed that she had not received any indication as to whether or not the business case had been accepted or refused by Sport Wales but would advise the Town Council should she be in receipt of any news.

(ii) to seek confirmation of the start date for the embankment works in Cae Ddol.

123. 2023 PARLIAMENTARY REVIEW – INITIAL PROPOSALS

Members considered the Draft Proposals of the Local Democracy and Boundary Commission. General concerns were raised about the proposal to reduce the number of Members of Parliament in Wales as well as the proposal to include Ruthin within the constituency of Delyn. Specific points and views raised by Members in respect of the proposals included:

- The reduction in the number of MPs in Wales would be detrimental to the nation, and specific constituency proposals could have damaging consequences for Ruthin, Denbighshire and North Wales.
- The Delyn constituency, in which Ruthin had been earmarked, side-lined the town from its neighbouring and natural communities. Additionally Delyn had a different economic and language profile to Ruthin.
- Whilst acknowledging the numerical basis upon which, in part, the constituencies had been proposed, there were however inherent issues within rural areas which required additional consideration, awareness and sensitivity. Geographical areas for proposed constituencies were increasing and concerns expressed that the voice of residents could be diminished whilst increasing the workload of and expectations placed on MPs. The view was expressed that more consideration needed to be given to the constituency numbers in rural areas.

Members agreed that the Town Council submitted comments on the 2023 Parliamentary Review Draft Proposals expressing its disagreement with the proposed changes. The Mayor and Town Clerk were tasked with drafting a response which would be circulated to Town Council Members, by email, for observations and agreement.

RESOLVED:

- (i) to submit comments on the 2023 Parliamentary Review Draft Proposals expressing the Town Council's significant concerns with the proposed changes.
